ITA Seva Samiti update by Sadhna Kothari

As you know, our area has seen recent immigrants from the Indian Sub-Continent who are just starting their lives here, often struggling to feed, clothe and house their families while working very hard at minimum wage jobs. We all recall our own first years in the US, it took time and effort to get to where we are today. With this in mind, we have launched the Parivar Seva program to provide assistance, guidance and encouragement to the newcomers.

Our very first event took place on Sunday, June 8th when invited community members and Seva Samiti volunteers came together for Krishna Puja at the Mandir. The Puja was conducted by Shri Shuklaji with Sharadbhai providing explanation and information. After the Puja, Sandhya Motiwala and Manju Gupta treated us to bhajans.

We had Aarti and then convened in the hall downstairs for Mahaprasad.

The first baby step has been taken and it is our sincere hope that with your support, this promising start grows into a continuing program to provide real time, real life help to any and all in our community in need.

UPDATE: ITA's Team Hanuman raises over 10K in the 2014 Relay for Life Event

By Chetna Giyanani – ITA Seva Samiti Volunteer

Our sincere thanks to all of our registered participants, sponsors, supporters & volunteers for your time and commitment to a world with less cancer. We are grateful for your commitment to raise funds and awareness about a disease that affects so many.

Here's a snapshot of the day.....

The set up team of Denny Depani, Bhavesh Patel, Roshan Giyanani & Shivam Purohit arrived at 1:30 pm and quickly set up The Team Hanuman tent. The early bird participants helped the setup team to decorate the tent for the event.

Our registration desk was a busy place, handled by Kiran Bhatt & Ankita Prajapati on one side and Sham Giyanani & Bijal Dalwadi on the other. Our team had approximately 85 registered participants that walked and raised money with us. Our sponsors – Dunkin Donuts of Cherry Hill NJ, Dunkin Donuts of Marlton NJ, Indian Villa of Cherry Hill NJ, India Temple Association of Berlin NJ, Kumon of Marlton NJ, Paradise Biryani of Marlton NJ – stood by us in this fight.

The ITA's Balvihar & Yuva participated as well. Diya Goyal, Sanjana Goyal, Khushboo Prajapati, Pinal Dalwadi, Dheer Prajapati, Kaxa Prajapati, and Neal Prajapati fundraised at our tent to fight for this great cause. They sold lemonade, baked goods (donated by Dunkin Donuts of Cherry Hill, Pooja Patel, Preksha Patel, Rashmi Devadiga, Vipul Bhat, Pranav Patel, and Kishan Patel), face painting, henna art (Rika & Hina Prajapati), bracelets of love. Our back up volunteers, Jaisukh Sheth and Yamini Nalla, were there to fill in as needed. All the volunteers put their hearts and souls into making this a fun filled event! The opening ceremony began at 3:30 pm with the national anthem. ITA President Sangeeta Rashatwar, ITA Seva Samiti Director Lata Pimplaskar, ITA trustees, Jayesh Parikh of Evesham Township, and with the participants, sponsors, and supporters stood beside our community's survivors in the Survivor/Caregiver Lap. The Zumba fitness session got everyone prepared for the list of activities planned by the Marlton Relay Committee. Our ex-yuva Parth Chauhan and Monica Kumari conducted a Bollywood Bhangra Demo Session which had everybody dancing to bhangra beats. Nagada Sang Dhol was also a prominent part of Charuben Sheth's Garba demo session. The frozen T Shirt contest, Clown Crafts, and Limbo, Bubbles, & Conga laps kept everyone busy while many others walked around the track of the Cherokee football field. The aroma of Chola Samosa, Pav Bhaji and other Indian foods attracted many to our food vendor - the Indian Villa of Cherry Hill.

As the sun approached the horizon, the air began cooling. The DJ's music kept the Mummies Strut, Relay's Got Talent. Mr. Relay Pageant, and Crazy Hat & Halloween Lap full of fun. This year the Relay for Life of Marlton had 56 teams, so there was a long wait to join the Team Banner Lap. At around 9 pm Lata Pimplaskar, Sharad Pimplaskar, many of ITA trustees, and the Team Hanuman participants proudly walked the ITA banner around the track. There were approximately 600 people attending the event, of which more than 60 were survivors! At 10 pm the lights were turned off and everyone gathered together for the Luminaria Ceremony. Loved ones were remembered and survivors were supported on a giant screen while everyone walked around the track. The event continued until 6 the next morning, but our participation ended at midnight when our set up team quickly cleaned up.

Thanks to our team photographer, Dr. Dev Gupta, who generously contributed \$1,000 to our grand total of \$10,348. We truly hope you had a meaningful experience and enjoyed the event as much as we did. Your continued support and enthusiasm are the keystone to our continued success. We look forward to walking with you next year! Thank you & Jai Shree Krishna!

ITA Scholarship Announcement

Every year, ITA awards scholarships to the current high school graduates, based on their essays, academic performance, community service, and volunteering in ITA related activities. The topics for the essays are given beforehand. This year, we have selected six winners. We wish all the winners a wonderful future as they embark on a quest to uncover their inner potential in colleges and beyond.

How to Prepare for a Happy and Successful Future?

By Nikita Daga

The preparation of our futures is similar to building a four-legged table. Without one of the four legs, the table collapses. I believe that the four legs of preparation for a happy and successful future are the following: academic enrichment, support from our families and friends, embracing spirituality and our culture, and ambitiously creating and meeting our goals.

Education is the first leg of this four-legged table. It is and will always be a huge part of my life. Throughout my four years in high school, I have enrolled in the most challenging classes. Numbers have always fascinated me. Pi is the same in any language or culture. Numbers help us build bridges to meet people with different outlooks and mindsets. I have pursued the highest level of Mathematics offered at my high school to keep myself challenged. On top of my heavy AP course load, I have joined many academic clubs, such as the Robotics Team and Math League. With a rigorous academic schedule and participation in a variety of clubs, I have achieved the academic enrichment that I aimed for when I entered the doors of Eastern High School my freshman year. I believe that it is critical to expose ourselves to a well-rounded education and imbibe as much information as possible. Learning is a way for us to open our minds, which is why I am applying for this scholarship. I would appreciate being given the chance to further my education with the pleasure of receiving an ITA scholarship.

Nothing would be possible without the second leg: support from our families and friends. I have grown up in a family of four, including my mother, my father and my sister. Blessed with such a great family, I have learned the importance of family values and morals. My grandparents have been an integral part of my childhood values. I have used such values and morals with my friends as well. My entire life I have been a social butterfly, making new friends and maintaining relationships with the old. Because these relationships have always been a major part of my life, I can clearly see how I want my future to play out. My happy and successful future entails a happy family and lots of friends, that I can love and respect with all my heart. Loving and respecting my current family and friends has allowed me to learn how to balance and maintain relationships. When I watch my sister at her Rangila performance, or when I help my friends with an AP Calculus problem, or when I spend a game night with my parents, I make such happy memories that will stay with me forever and guide me towards a happy future.

Everyone needs faith in their lives, which is the third leg of the table. Whether it is science, religion, or just believing in goodness in mankind, faith allows us to prepare ourselves for the future. I have my religion: Hinduism. Hinduism has allowed me to view life from different perspectives. Whether I was attending Sunday morning yoga at Balvihar or Youth Group, or attending family poojas, or just chanting “Om Bhoor Bhuwah Swaha” three times before I go to sleep, I have always had a deep love and respect for my religion. Spirituality is on a whole other level than life. As humans, we are forced to deal with problems on a daily basis. And sometimes, life just becomes so overwhelming that all you can do is meditation or yoga to relieve the stress. I learned how to meditate at Balvihar and have been using these stress-relieving techniques all throughout high school. Also, Hinduism has not only given me faith, but it has allowed me to embrace a culture in my community of which I am so proud. Freshman year, I wasn’t sure if I would ever belong to an “Indian” group or community. I had mainly interacted with non-Indian kids up until high school. But after socializing with other “overachieving” Indian kids who were also in AP classes (what a surprise), I realized how friendly and amicable they were. With a new group of Indian friends, I felt encouraged to attend events such as garba, holi, Diwali festivals, and karwa chauth celebrations. Living in South Jersey has made embracing my culture even easier, and I couldn’t be more thankful. I know my roots and I’m proud to say that I always plan to maintain my culture in the future.

How to Prepare for a Happy and Successful Future? (Continued)

The final and most important leg of the table is ambition. Where would any of us be without ambition? If my grandparents didn't ambitiously travel all the way to America from India, would I still have grown up with such great opportunities? If my parents weren't ambitious enough to go to college and get successful jobs, would I be living in Voorhees today? If I weren't ambitious enough to work extremely hard in high school, would I have been given the opportunity to attend a great college? We all have a vision of our future, setting endless goals. But it's ambition that helps us meet these goals for our happy and successful future. I can honestly say that I have set hundreds, maybe thousands of goals in my entire life. Have I met every single one of these goals? Absolutely not. But I have reached a good majority of these goals because of my ambition? Absolutely.

None of us really know exactly how our future will turn out. As Ralph Waldo Emerson once said, "Life is a journey, not a destination." The future is constantly changing, and the only thing that is stable about it is the preparation: the four-legged table. These four legs constantly affect each other. Academic enrichment is something that can only be accomplished with setting goals and ambition. Achieving these goals is possible with deep rooted spirituality and faith and support from friends and family.

ITA members congratulates all graduates and wish you all happiness and prosperity always!
